PROGRESSIVE MATCHING FUNDS

MAKE \$6,200 EACH TIME YOU COMPLETE THE FOUR BONUS LEVELS

At MyNet Universe, we believe those who make sales and are successful team builders should be compensated well for their efforts. Our unique and lucrative Progressive Matching Funds program is similar to a 401k plan offered at some major companies. It's better, however, because you get to enjoy the rewards immediately! It's our way of saying thanks for being a major part of our company.

Here's how MyNet Universe's Progressive Matching Funds works:

Once you have become a Progressive Power Distributor (personally enrolled six Active Distributors with a combined 15 Active Distributors in your team) and have subscribed to the monthly subscription, you become eligible to begin earning Progressive Matching Funds.

There are four levels with six steps in each. As you and your team of personally enrolled Distributors and other Distributors they enroll generate sales, you earn three sales credits on each MSG Distribution License sold.

For every 20 license sales (or 60 sales credits earned), you earn a step bonus of \$100. Each Level contains six step bonuses for a total of \$600.

Once you complete Level 1 and earn the six step bonuses, you will be rewarded with Progressive Matching Funds of \$300!

Complete the six steps in Level 2 and earn yet another \$600 in step bonuses. Now, you are rewarded once gain with Progressive Matching Funds, not \$300, but \$600 this time for completing Level 2!

To qualify for Levels 3 and 4, you must have 12 personally enrolled Active Distributors.

If qualified, you once again receive \$600 by earning the six step bonuses along the way at \$100 each, plus Progressive Matching Funds of \$900 when completing Level 3.

And Level 4 pushes you over the top. Complete the six step bonuses in Level 4, claim your \$600 and you have completed all four levels of the Progressive Matching Funds.

Your Progressive Bonus for Level 4 is \$2,000! You now have completed all the levels of Progressive Matching Funds and earned a total of \$6,200. When this happens, you automatically begin all over again and start earning in Level 1. You can do this over and over again with no limit!

IMPORTANT NOTES:

Upon qualification, a total of 60 sales credits is required to earn the first step bonus of \$100. An additional total of 60 sales credits is required at each additional step. You must have sales credits in a minimum of three legs and no more than 40 percent of your sales credits can be in any one leg.

To qualify for Progressive Matching Funds of \$900 for Level 3 and \$2,000 for Level 4, you must have 12 personally enrolled Active Distributors. If you do not have 12, you will still earn all of the step bonuses and your Level 3 and 4 Progressive Matching Funds earnings will be \$600 each, instead \$900 and \$2,000, respectively.
